The solicitation will be conducted primarily by mail but proxies may also be solicited personally by officers, employees or agents of the Corporation, at nominal cost and without additional compensation. The Corporation shall, upon request, reimburse brokers and other persons holding common shares of the Corporation (the “Common Shares”) on their behalf or on behalf of nominees, for reasonable costs incurred in sending the proxy documents to shareholders.

REGISTERED SHAREHOLDERS – VOTING BY PROXY

The persons named in the enclosed form of proxy for the Meeting are officers of the Corporation.

A registered holder of Common Shares (each a “Registered Shareholder”) has the right to appoint some other person, who need not be a shareholder, to represent the Registered Shareholder at the Meeting by following the instructions on the form of proxy. An additional step is required if you appoint someone to be your proxy, other than the individual(s) named on the form of proxy or voting instruction form, you or your proxy will be required to register with TSX Trust to obtain a valid Control Number, in order to participate at the Meeting. To Register, please go to tsxtrust.com/control-number-request or call 866-751-6315 / 416-682-3860.

Completed forms of proxy must be received by TSX Trust Company, Proxy Department, P.O. Box 721, Agincourt, Ontario, Canada, M1S 0A1, not later than 10:00 am (Eastern time) on November 22, 2024. The control number located on the proxy form is needed for voting online.

The form of proxy affords the Registered Shareholder an opportunity to specify that the shares registered in his or her name shall be voted for, against or withheld from voting in respect of the matters to come before the Meeting, as applicable.

On any ballot that may be called for, the shares represented by proxies in favour of management nominees will be voted for, against or withheld from voting in respect of the matters to come before the Meeting in accordance with the instructions given in such proxies.

In respect of proxies in which the Registered Shareholders have not specified that the proxy nominees are required to vote for, against or withhold from voting in respect of the matters scheduled to come before the Meeting, the shares represented by the proxies in favour of management nominees will be voted for the matters described in the Notice of Meeting.

Management knows of no matters scheduled to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the shares represented by proxies in favour of management nominees will be voted on such matters in accordance with the best judgment of the proxy nominees.

A proxy given by a Registered Shareholder for use at the Meeting may be revoked at any time prior to its use. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing or, if the Registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Any such instrument revoking a proxy must be deposited at the registered office of the Corporation Attention: Chief Executive Officer, any time up to and including the last business day preceding the day of the Meeting, or an adjournment thereof. If the instrument of revocation is deposited with the Chairman on the day of the Meeting or any adjournment thereof, the instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to such proxy.

NON-REGISTERED HOLDERS – VOTING INSTRUCTION FORM

Only Registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. Many shareholders are not Registered Shareholders (“Beneficial Shareholders”) because the shares they own are not registered in their names but are instead either (i) registered in the name of an intermediary (the “Intermediary”) that the Beneficial Shareholder deals with in respect of the Common Shares, such as, among others, brokerage firms, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Corporation has distributed copies of the meeting materials to Intermediaries and clearing agencies for onward distribution to Beneficial Shareholders.

Intermediaries are required to forward the meeting materials to Beneficial Shareholders unless a Beneficial Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the meeting materials to Beneficial Shareholders. If you are a Beneficial Shareholder, your name and address will appear on the voting instruction form sent to you by Broadridge Investor Communications Corporation (“Broadridge”), or by an Intermediary (bank, broker or trust company). A Beneficial Shareholder may vote or appoint a proxy by mail, phone, or on the Internet, as applicable, in accordance with the voting instruction form. Broadridge or your Intermediary, as applicable, will submit the vote or proxy appointment to the Corporation on your behalf. You must submit your voting instruction form in accordance with the instructions and within the time limits set out in the voting instruction form.

IF YOU HOLD YOUR COMMON SHARES THROUGH A BROKERAGE ACCOUNT OR OTHER INTERMEDIARY YOU ARE A BENEFICIAL SHAREHOLDER. BENEFICIAL SHAREHOLDERS SHOULD CAREFULLY FOLLOW THE INSTRUCTIONS IN THE VOTING INSTRUCTION FORM, INCLUDING THOSE REGARDING WHEN AND WHERE THE VOTING INSTRUCTIONS FORM IS TO BE DELIVERED. IF A PERSON YOU DESIGNATE PLANS TO ATTEND THE MEETING AND VOTE YOU MUST APPOINT THAT PERSON AS PROXY BY FOLLOWING THE INSTRUCTIONS ON THE VOTING INSTRUCTION FORM.

A Beneficial Shareholder wishing to vote at the meeting should appoint themselves as a proxyholder, and will be required to register with TSX Trust to obtain a Control Number in order to participate at the Meeting. NOTE: If you do not register with TSX Trust and obtain a valid Control Number you will NOT be able to participate at the Meeting. To Register with TSX Trust and obtain a Control Number go to: tsxtrust.com/control-number-request or call 866-751-6315 / 416-682-3860.

A Beneficial Shareholder may revoke a form of proxy or voting instructions form given to Broadridge or an Intermediary by contacting Broadridge or your Intermediary following the instructions on the voting instruction form. In order to ensure that Broadridge or an Intermediary, as applicable, acts upon a revocation of a proxy form or voting instruction form, the written notice should be received well in advance of the Meeting.

These securityholder materials are being sent to both Registered Shareholders and Beneficial Shareholders. If you are a Beneficial Shareholder, and the issuer or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

The Corporation reviews its executive compensation policies and practices on an annual basis. This compensation discussion and analysis describes and explains the Corporation's policies and practices as at May 31, 2024 with respect to the compensation of its named executive officers, being each of its (i) President & Chief Executive Officer, (ii) Chief Financial Officer, and (iii) Chief Operating Officer (together, the "Named Executive Officers" or "NEOs"), who represents the most highly compensated executive officer of the Corporation, each of whom earned more than \$150,000 in total compensation during the fiscal year ended May 31, 2024 in accordance with the National Instrument 51-102 of the Canadian Securities Administrators.

Executive Compensation Principles

The Corporation does not employ any formal principles in determining executive compensation and implementing any compensation programs that may exist from time to time. When determining executive compensation, management and the Board rely on their concurrent and past experiences and collective knowledge of both public and private companies in a general manner. The Board also relies in part on management and the Corporation's executive officers for input and advice with respect to appropriate compensation levels. With that background, the Board bases its ultimate determination on (i) informal discussion among Board members, (ii) negotiation with the executive in question and (iii) a view to what is in the best interests of the Corporation and its various stakeholders. From time to time, the Board also evaluates compensation of the NEOs, relative to a group of twenty (20) clean tech companies traded on the TSX Venture Exchange (the "Peer Group") that have similar market

capitalizations to the Corporation. This evaluation is used as a guidepost to ensure that total compensation of the NEOs, as well as each of the elements of the compensation package (which includes base salary, short-term incentives and long-term incentives), are within a reasonable range when compared to the Peer Group. The 20 companies included in the Peer Group in 2023 are the companies on the TSXV Cleantech Index with market capitalizations, as of May 31, 2022, which were closest to the Corporation's market capitalization (10 companies with lower market capitalizations and 10 companies with higher market capitalizations). In 2023, the Peer Group was: Greenbriar Capital Corp., Acceleware Ltd., FRX Innovations Inc., Sato Technologies Corp., Questor Technology Inc., Next Hydrogen Solutions Inc., ReVolve Renewable Power Corp., Earthworks Industries Inc., Solar Alliance Energy Inc., Legend Power Systems Inc., Oceansix Future Paths Ltd., Northstar Clean Technologies Inc., Biorem Inc., Earth Alive Clean Technologies Inc., Klimat X Developments Inc., BluMetric Environmental Inc., Clean Seed Capital Group Ltd., GBLT Corp., Environmental Waste International Inc., and SPARQ Systems Inc.

Elements of our Executive Compensation Program

Base Salaries

The base salary component is intended to provide a fixed level of pay that is established at the time when an officer or employee joins the Corporation and from time to time thereafter. In addition, base salary is intended to serve as recognition for discharging job responsibilities, and reflects the officer's performance over time, as well as that individual's particular experience and qualifications.

Historically, the Board has reviewed the compensation of the Named Executive Officers on an annual basis in light of opportunities for payments under the employee incentive plan as well as various performance parameters, such as operational improvements, cash flow, increases in sales and profitability, and share price improvements and considered any requested recommendations from the Ethics, Governance and Compliance Committee ("EGC Committee"). The EGC Committee is tasked with reviewing the compensation of the Named Executive Officers and other executives on an annual basis to determine if adjustments are necessary.

Employee Incentive Plan

In addition to base salary, the Corporation has an employee incentive plan (the "Incentive Plan") which allocates cash bonuses to employees of the Corporation based on a percentage of EBITDA and net income for such fiscal year. "EBITDA" is defined as earnings before interest, taxation, and non-cash items such as depreciation, amortization and share based compensation expense. All employees are eligible for participation in the Incentive Plan after the completion of a probationary period at the start of their employment with the Corporation. Employees are allocated among 6 different staff levels based on their job responsibilities. Payments under the Incentive Plan are dependent upon staff level and employee job performance.

In designing and approving the Incentive Plan, three main objectives were identified by the Corporation:

1. The amount that each employee could earn should be variable and correlated to the Corporation's success. Each employee's base salary plus incentives (both cash and non-cash), should the Corporation meet its financial objectives, should be approximately equal to what the employee would earn outside of the Corporation given similar responsibilities.
2. The plan should be progressive, structured to motivate employees to exceed the established objectives and drive the creation of additional shareholder value.
3. The plan should be simple for employees to understand and fair to all stakeholders.

The Corporation also considered whether the Incentive Plan would encourage employee behavior or results that were not beneficial to the Corporation and attempted to ensure that the Incentive Plan was modeled in a way that is beneficial to both the employee and the Corporation. The process undertaken to develop and adopt the Incentive Plan included a comprehensive review of the sales pipeline, a forecast of sales, profitability and cash flow, the establishment of financial objectives based upon the forecasted financials, and the alignment of the compensation plan with those established objectives.

Options

In addition to the cash bonuses awarded pursuant to the Incentive Plan, options to purchase Common Shares are awarded to directors, officers, employees and consultants, from time to time, at the discretion of the Board pursuant to the terms of the Corporation's stock option plan. Previously granted options held by an individual are taken into account by the Board in considering new option grants. The issuance of options to purchase Common Shares is intended to reinforce commitment to long-term growth in profitability and shareholder value, and is an important long term incentive strategy for the Corporation, permitting directors, officers, employees and consultants to participate in any appreciation of the market value of the Common Shares over a stated period of time.

Compensation Risk

The Board considers and assesses, as necessary, the implications of risks associated with the Corporation's compensation policies and practices and devotes such time and resources as it believes are appropriate. The Corporation's practice during the fiscal year ended May 31, 2024 of compensating its officers through a mix of salary and stock options was designed to mitigate risk by: (i) ensuring that the Corporation retains such officers; and (ii) aligning the interests of its officers with the short-term and long-term objectives of the Corporation and its shareholders. During the fiscal year ended May 31, 2024, the Board did not identify any risks arising from the Corporation's compensation policies and practices that the Board believed were reasonably likely to have a material adverse effect on the Corporation.

Financial Instruments

Except where prohibited by law, the Corporation's executive officers and directors have not been prohibited from purchasing financial instruments, such as prepaid variable forward contracts, equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by an executive officer or director. To the Corporation's knowledge, no executive officer or director of the Corporation has entered into or purchased such a financial instrument.

Compensation Governance

At this time, the Corporation has established an EGC Committee, which is tasked with reviewing the compensation of the Named Executive Officers and other executives on an annual basis to determine if adjustments are necessary. The EGC Committee comprises of David Spagnolo and William B. White, each of whom the Board has determined to be independent within the meaning of section 1.4 of National Instrument 52-110 of the Canadian Securities Administrators and to have the necessary knowledge and experience to effectively perform his responsibilities. The members of the EGC Committee have expertise in, among other areas, business management and finance, and each of whom are current or former principal executive officers.

See "Statement of Executive Compensation – Compensation Discussion and Analysis – Executive Compensation Principles" for a description of the policies and practices adopted by the Board in light of recommendations received from the EGC Committee to determine the compensation for the Corporation's executive officers.

The Board has not, at any time since the Corporation's most recently completed fiscal year, retained a compensation consultant or advisor to assist the EGC Committee or Board in determining the compensation for any of the Corporation's executive officers' or directors' compensation.

The following table sets forth all compensation earned for each of the Corporation's three most recently completed financial years in respect of the individuals who were, at any time during the year ended May 31, 2024, Named Executive Officers of the Corporation. STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Board of Directors of the Corporation

Four out of five members of the Board as of the date hereof and all of the members of the Audit Committee and EGC Committee are considered independent. The Corporation's Board has determined that all directors except for William Crossland are independent within the meaning of section 1.4 of National Instrument 52-110 of the Canadian Securities Administrators.

The Board has appointed an independent Chairman and separated the roles of Chairman and Chief Executive Officer.

Stock Ownership Policy

On July 10, 2012, the Board approved formal stock ownership requirements for each member of the Board. At all times Board members are required to hold shares with a cost base to the Board member equal to one times the then current Annual Fixed Retainer. The "Annual Fixed Retainer" is the fixed annual cash compensation paid by the

Corporation for serving on the Board plus any fixed annual cash compensation paid by the Corporation to such Board member for holding the position of Chairman of the Board or Chair of a committee of the Board. The Annual Fixed Retainer does not include the amount of any per meeting fees or other variable amounts paid or payable to Board members. Each Board member has until the date that is the later of : (i) July 10, 2013 and (ii) twelve (12) months from being appointed to the Board and, thereafter, twelve (12) months from any change in the Annual Fixed Retainer to acquire sufficient shares to bring such Board member into compliance with the policy. If the Corporation is subject to special or prolonged blackout periods such that a Board member is effectively prevented from acquiring sufficient shares within the period, the period for compliance shall be automatically extended until, in the opinion of the EGC Committee, the Board member has had enough time out of blackout to acquire sufficient shares. To the Corporation's knowledge, all directors are in compliance with the stock ownership policy.

Directorships

Other than as set out below none of the current directors or proposed directors of the Corporation currently serve on the boards of directors of other reporting issuers (or the equivalent):

- William White is a Director of CHAR Technologies LTD (TSX Venture Exchange) and BIOREM Inc. (TSX Venture Exchange)
- William Ollerhead is the CEO and a Director of Cuspis Capital II Ltd. (TSX Venture Exchange), and a Director and Chair of Audit Committee of Cytophage Technologies Inc., formerly Cuspis Capital III Ltd. (TSX Venture Exchange)

Orientation and Continuing Education

It has been a policy of the Chairman of the Board that every director is given written material describing directors' duties and obligations in respect of corporate governance in order to upgrade their knowledge of the requirements and obligations of managing a public company.

Several of the Corporation's board members have taken educational courses relating to the management of a public company recently. William Crossland, the Corporation's Chief Executive Officer, completed the Canadian Institute of Corporate Directors' Directors education program, a highly regarded program jointly developed by the Institute of Corporate Directors and the Rotman School of Management, University of Toronto, to help directors clarify their corporate governance mission and fully exercise their leadership potential as board members. Mr. Crossland also completed the following TSX Venture Exchange workshops: Venture Filing Fundamentals Workshop, Timely Disclosure Fundamentals Workshop and Managing a Public Company Workshop. William Ollerhead has also completed the Institute of Corporate Directors' Directors education program with the Rotman School of Management. Michael Williams has completed the TSX Venture Exchange's Managing a Public Company Workshop. David Spagnolo has completed the Institute of Corporate Directors' Directors Education Program from the Rotman School of Management. William White chairs the advisory board for the Schulich Center of Excellence for Responsible Business, completed the Institute of Corporate Directors' Directors education program with the Rotman School of Management and received his Institute of Corporate Directors (ICD.D) certification in 2012.

Ethical Business Conduct

The Board of Directors has established the EGC Committee to carry out the goals and objectives set out in the Corporate Disclosure Policy and to carry out Governance, Nomination and Compensation matters.

The Board has also established a code of conduct (the "Code of Conduct"). The Code of Conduct establishes the principles that the Corporation is committed to conducting its business affairs in compliance with all applicable laws, statutes, rules, regulations and stock exchange policies and expects directors, officers and employees acting on its behalf to do likewise. In addition, business dealings among directors, officers and employees, and by directors, officers and employees, with shareholders, customers, suppliers, licensors, licensees, community organizations and governmental and regulatory authorities must be based on principles of honesty, integrity and the ethical standards outlined in the Code of Conduct.

Nominations of Directors

The EGC Committee is tasked with (i) formally reviewing and making recommendations on an annual basis with respect to the composition of the Board and its committees, including a review of what competencies and skills the Board, as a whole, should possess and currently possesses and a review of the appropriate size of the Board in order to facilitate effective decision-making; (ii) identifying individuals qualified to become new Board and/or committee members, taking into consideration the competencies and skills that each such nominee will bring to the Board or committee and whether or not each new nominee can devote sufficient time and resources to his or her duties as a Board member; and (iii) make recommendations of appropriate nominees to the Board and members of its committees.

Compensation

Compensation for directors is determined by the Board as a whole in light of recommendations received from the EGC Committee. The EGC Committee reviews the compensation of the Chief Executive Officer and Chief Financial Officer on an annual basis in light of various performance parameters, such as profitability, share price and increase in sales, and submits any recommendations for increases to the Board for their approval.

Other Board Committees

The Board has no committees other than the Audit Committee and EGC Committee.

Assessments

The EGC Committee adopted a process of soliciting the views of Board members with respect to the effectiveness of the Board as a whole and of the Board members individually. The EGC Committee aggregates the results of this survey and determines areas for improved Board effectiveness and gaps in director competencies. This information is then used in assessing appropriate board candidates. In addition, the Board conducts an annual self-assessment to ensure that the committees' charters, and the Corporation's articles and by-laws are being followed by the committees and the Board as a whole, and the EGC Committee monitors the composition of the Board to ensure that the directors have the necessary educational background and work experience to provide the required guidance to the Corporation's senior management.

AUDIT COMMITTEE

The Audit Committee is comprised of William Ollerhead, Michael Williams and William White. All members are considered financially literate for purposes of NI 52-110.
